

Version 2.1.2 Changes

▼ [Content](#)

Date

2020.04.09 PCS EC version 2.1.2 was deployed on production, test1, and test4.

Changes\Fixes

- ACL of leading RU for the part where a non-PCS agency is responsible
- The month in deadline filters has a wrong value
- Wrong calendar day colors for IM and C-OSS for catalogs
- Assign unique ids for sub-path and path sections in pap selection wizard
- Something went wrong error in dossier 221518 & 222259 when adding another PaP
- Hide drafts with PaPs from the draft selection
- Wrong running days in weekly/offset view
- IM editing of reserved capacity via Web services
