National IM Parameter and Loco Preparation for TT2020

Submitted by Máté Bak on 29 June, 2018 - 13:39

Dear All,

RNE would like to invite you on 30th October to Vienna in order to assist you in the preparation of the National IM Parameters and Loco Types for the next timetable period. Please [REGISTER](#) for the meeting with the link.

Please try to send us your plans with the National IM Parameters for the next year a week or two weeks before the meeting. We would like to check them in advance and propose some optimization and harmonization. In the invitation letter, you can find attached a list of all parameters, you can filter by your IM name.

Also, in the attached file you can find all the loco types you have in PCS for TT2019, and in addition, those locos that were requested by RUs.

See you in Vienna.

Your PCS Team

Location:

Oelzeltgasse 3, Vienna

MR Large
